- Creating sorting and filtering functionality for the table.
- React.js / JavaScript

Weather today or Tomorrow |

<https://github.com/juanwithouttheotter/weather-today-or-tomorrow> |

<https://juanwithouttheotter.github.io/weather-today-or-tomorrow/>

- Users are able to search for a city and receive current weather stats and 5 day forecasts.
- Data is dynamically rendered to the page allowing for most accurate and current information.
- Open Weather Map API, JavaScript

EXPERIENCE

Chicago Public Schools

Chicago, IL

K - 8 Music educator

2015 – Current

Create and teach Bilingual and Bicultural music education to students ages 5 to 14.

Lead the school arts department to develop school performances and showcases.

Key Accomplishments:

Led staff union meetings that informed members of their rights. Mediated between administrators and staff with resolutions that benefited both parties, improving school culture. Received various grants from district organizations for music supplies and residency dance instruction for students, enriching students' cultural understanding of others through varied mediums. Created school master schedule for students to receive state required instructional minutes in each content area, alleviating schedule conflicts between various teaching teams.

EDUCATION

Northwestern University School of Professional Studies, Evanston, Illinois

Full Stack Flex Web Development Program

Certificate of Completion

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

VanderCook College of Music, Chicago, Illinois
